

School Board Appoints New Super'tendent

C. V. Baker of Park Ridge To Head Grade Schools.

Announcement is made today of the employment of C. V. Baker, Assistant Superintendent of Schools at Park Ridge, as Superintendent of Schools in District No. 25, Arlington Heights, to succeed the late E. D. Whitmore, whose resignation was announced a few weeks ago.

Mr. Baker comes to Arlington Heights with a background of elementary school teaching and administrative experience in Gurnee, Berwyn, and Park Ridge, Illinois. For the past three years he has been assistant superintendent of the Park Ridge elementary schools where his work as an educator and organizer was considered outstanding. This is attested by a three-year contract offered him this year by that school board.

Nathaniel Carlson, president of the Arlington Heights school board, in commenting on Mr. Baker's appointment says, "It was the desire of our Board of Education to maintain the high standards already established in our school system and with that thought in mind we considered each applicant, of which there were many, not only on the basis of educational requirements, but from the standpoint of ability to cope with our problems, present and future, as presented in a fast growing community like Arlington Heights. It was the unanimous opinion of our board that Mr. Baker meets these requirements and we feel sure that he will be welcomed into the civic and educational life of this community."

Mr. Baker is a graduate of the University of Chicago from which he holds the degrees of Bachelor of Philosophy and Master of Arts. He is an active member of educational organization and in Park Ridge has held office at various times in such groups as Kiwanis P. T. A., Library Board, District Council of Boy Scouts, University Club and Red Cross.

It is Mr. Baker's belief that the school system should not be divorced from civic life and he expects to enter into such activities as called upon as his new duties will permit.

Mr. Baker is married and has a daughter of high school age and it is his intention to move his family to Arlington Heights as soon as possible. We are sure that the City and Friendly Neighbors will make the task of forming new associations a pleasant one.

Dr. Saffold, Foot Specialist, Opens Office In Arlington Heights

Dr. James A. Saffold, chiropodist—Foot Specialist announces the opening of an office at 4 South Dunton street, Arlington Heights, June 30.

The office hours are: Monday and Wednesday evenings 7 p. m. to 10 p. m. and Thursday, 9:30 a. m. to 5:30 p. m. For an appointment phone Arlington Heights 14.

For other appointments he can be reached at his Des Plaines office 706 Center street. Phone Des Plaines 311-W.

Celebrates Eighty Seventh Birthday

Lewis G. Helm, Sr., celebrated his eighty seventh birthday, Wednesday, with friends and relatives at the home of his son, Howard Helm, 609 N. Dunton street, Arlington Heights. It will long be remembered that Mr. Helm created quite a sensation a month ago when he made the trip from California in a transcontinental plane with as much indifference as a veteran sky rider.

Storm Breaks Up Lutheran School Picnic

The Lutheran school picnic held at the Altenheim farm Sunday, became one of the victims of the storm that raged over northern Illinois. The tent was blown down by the fury of the wind. Early rumors reported that some of the money had been blown from the Lutheran coffers, but the only loss to the organization was loss of business. The committee is thankful that nobody was injured.

Sisters and brothers who met for first time in fifteen years.

C. V. BAKER
Superintendent of Elementary
Schools

C. Klehm Expected Home Very Soon

Arlington Heights friends of Chas. F. Klehm will be pleased to learn that he is expected home from the hospital this week end. He has been in the Presbyterian hospital nearly three months. He underwent an operation two months ago.

He has not been too ill to forget about home and often inquires about his friends. He hopes to get back home in time to see his fields of peonies in full bloom.

Miss Jackson, Community Nurse, Is On Vacation

Miss Martha Jackson, Arlington Heights community nurse is on her annual vacation of two weeks. She left Monday morning, accompanied by her nephew. They will see Illinois, first visiting the scenic places around Starved Rock and Ottawa, then on to Springfield, New Salem and returning by the way of Champaign.

If any Arlington Heights person has earned a real vacation, that person is Miss Jackson. Health calls should be made to the Municipal building, phone 6.

Teachers, Students Must Pay Security Tax For Summer Work

Teachers and students who find occupation in camps and hotels this summer come under the taxing provisions of the Social Security Act and must pay their tax to the Collector of Internal Revenue in the district in which they are employed, Collector Carter H. Harrison warned today.

"Ordinarily, persons in the teaching profession are exempt from participation in the tax, but when they engage in private industry, their income from that source is taxable," Mr. Harrison explained.

Business Men's Call for Members Brings Only One "No"

When the Arlington Heights Business Men's association sought to fill up its membership role, they received the wholehearted support of every one they were able to contact with one exception. Although all of the business men have not been reached so far, it is felt that Arlington Heights is lacking the business organization 100% or at least 99%. An important meeting is scheduled for this Thursday evening at the village hall. All are requested to attend.

Sisters and Brothers United After 15 Years

There were three sisters and a brother who last Sunday met each other for the first time in fifteen years. They are Mrs. Darlene Schwantz, who was an adopted daughter of Carl Krueger, of Arlington Heights; Mrs. Esther Keller of Peoria; Mrs. Luella Lopez, of Chicago and Harold Pence of Chillicothe, Ill., which was the home of the family, when due to the death of the parents, Mr. and Mrs. Wren Pence, the children were placed in the Christ Lutheran Children's Home in Peoria.

As the children were adopted by various families they became separated and it was due to the recent efforts of Mrs. Luella Lopez that their addresses were obtained and the reunion occurred.

Taxes Higher Rates Are Up

The tax rates for the 1936 taxes have been announced by the county clerk's office, and a large force is hard at work making out the tax bills.

The country town collectors are in hopes of securing their books by the first of next week and getting the bills into the hands of the taxpayers near the first of July.

Some 1936 taxes will be 10 or 12% higher than last year, according to the 1936 tax rate.

The comparative rates for Wheeling and Elk Grove townships for 1935 and 1936 are given herewith.

The combined rate for the Village of Arlington Heights for the 1936 taxes is \$6.48 as against \$5.21 last year.

This increase of \$1.27 is due to the jump in the park district tax from .17 to .76, the school district 25 increase from \$1.82 to \$2.03, the poor relief tax of .30 and the increases in the county and forest preserve rates.

The Village rate is up only .03 over 1935.

Wheeling	1935	1936
County	.57	.63
Forest preserve	.04	.09
Town	.13	.15
Road and bridge	.25	.25
Village of Arl. Hts.	1.00	1.03
Arl. Hts. Park	.17	.76
Mt. Prospect Vil.	.80	.91
Wheeling Vil.	.92	.67
Arl. Hts. H. S. Dist. 214 123	1.24	1.24
School Dist. 20	.74	.77
School Dist. 21	1.49	1.50
School Dist. 22	1.06	1.19
School Dist. 23	.58	.57
School Dist. 24	.97	1.00
School Dist. 25	1.82	2.03
School Dist. 26	.63	.67
School Dist. 57	1.03	1.08
Non High School	.53	.80
Town Poor relief	.30	.30

Elk Grove	1935	1936
County	.57	.63
Forest preserve	.04	.09
Town	.08	.09
Road and bridge	.25	.25
City of Des Plaines	1.34	1.34
Vil. of Arl. Hts.	1.00	1.03
Vil. of Mt. Prospect	.80	.91
Vil. of Mt. Prospect Bond	.15	.15
School Dist. 19	.26	.33
School Dist. 56	.75	.66
School Dist. 57	1.03	1.08
School Dist. 58	.01	.03
School Dist. 59	1.30	1.11
School Dist. 60	.63	.32
School Dist. 61	.96	.96
Arl. Hts. Two high	1.23	1.24
Non-High school	.53	.80
Township Poor relief	.30	.30

Palatine Township
Village taxpayers in Palatine will pay a rate of \$5.23 on each \$100 valuation for 1936.

This is .60 per \$100 higher than the \$4.63 rate of last year.

This increase is made up of the 30 cents relief tax, a raise of 9 cents in the high school rate, 6 cents in the county tax, 5 cents in the forest preserve tax, 1 cent in the road and bridge tax and 11 cents in the Village tax, due to the refunding bond issue.

The district 15 school rate is 3 cents lower than for 1935.

Farmers and people living outside of the Village of course do not have the \$1.26 village tax to pay and each school district rate is different, making the total tax rate different in every district.

The comparative rates for 1935 and 1936 are given herewith.

Palatine	1935	1936
Town	.10	.10
County	.57	.63
Road and bridge	.22	.23
Forest Preserve	.04	.09
Village of Palatine	1.15	1.26
School Dist. 10	1.06	.58
School Dist. 12	.89	.83
School Dist. 13	.49	.42
School Dist. 14	.65	.51
School Dist. 15	1.06	1.03
School Dist. 16	1.39	1.47
School Dist. 17	1.01	1.22
School Dist. 18	.75	.75
School Dist. 19	.26	.33
High School Dist. 211	1.50	1.59
Relief Tax	.30	.30

In order to determine your individual tax rate, take the town, county, forest preserve, road and bridge and high school rates and add to your local school district rate. If you live in the Village add the Village rate.

This total gives your tax rate per \$100 of assessed valuation.

In the sections of Palatine township which belong to the Arlington Heights high school district the rate of \$1.24 for the Arlington Heights high school should be used in place of the \$1.59 Palatine high school rate.

Yes, taxes in the country towns are higher than they were last year or for several years, but when you see that increased tax bill, just be thankful just the same that you live out in some country town and not in Chicago.

The Chicago tax rate for the 1936 taxes is \$9.52 which is way, way over any tax rate in the country towns.

The Chicago tax rate and tax bill is said by Civic organizations to be the largest in the city's history and the city taxpayer will no doubt envy the much smaller bill which is paid by the property owner in the country towns.

The much smaller tax rate and tax bill of the country town property owners is just one more positive proof that the people of the country towns should fight to the finish to keep from ever being gobbled up by Chicago.

Alderman Suggests Water Mains Be Cleaned Out

Housewives who can't wash their clothes in the Village water because of the dirt and others who can't drink it because of the rust, would have given trustee Al Goedke a rousing cheer if they had been at the board meeting Monday night.

Mr. Goedke proposes to clean up the Village water supply so that there will be no more dirt and no more rust.

A lot of rust is said to have got into the mains because of the Scarsdale shallow well and trustee Goedke proposes to almost shut off the Scarsdale area and put on enough of a force to flush out all the mains.

If the system works in the Scarsdale test it may be followed all over the Village and Arlington's water mains will be given a thorough cleaning out.

Red Wings Play Spokes A. C. Sunday

The Spokes A. C., a fast and aggressive semi-pro team from Chicago, will be the attraction Sunday for the baseball fans when they hook up with the Red Wings on the local diamond.

The Red Wings have hit their stride in recent weeks and right now with Schaefer pitching high class ball and the boys hitting well and fielding brilliantly behind him, they are a tough nut for any team to crack.

A good game is in prospect for the fans, Sunday.

Mt. Prospect Lutheran Church To Celebrate 25th Anniversary

On Sunday, July 11, the St. Paul Lutheran church will celebrate its 25th anniversary with suitable ceremonies and special services.

From the moderate beginning of 25 members the local congregation has grown and now has 138 voting members and 475 communicant members. Further details of the special services, etc., will be published in later issues.

Class Of 77 Graduate; Honors And Awards Are Announced

Seventy-seven boys and girls received diplomas at the 28th annual commencement of the Arlington Heights high school last Thursday evening. It was an unusual commencement program. The class decided that they would have none of the usual commencement speakers who usually only bring "hackneyed admonition" to graduates. They selected their own speakers who spoke what they thought, the way they thought and how they thought. It represented the new youth assuming new responsibilities in a new age and the listening elders seemed to enjoy such independence. The speakers were William Harrah, Edward Busse, Nelda Studtmann and Charles Kopplin. They were introduced by the class president, Donald Hanauer.

The highest ranking boy in the class and fourth in rank was Wilbur Busse.

The Readers Digest presented their compliments and a year's subscription to the Valedictorian of the class, to Miss Nelda Studtmann. As the state of Illinois provides

the seniors themselves for Dependability, Service, Leadership, and Patriotism, was awarded to Nelda Studtmann. Marjorie Bolte and Hazel Zinn, placed second and third in their classmates' estimation.

The Scholarship award offered for the highest grades for four years of high school was also awarded to Nelda Studtmann. Lorraine Bubblitz and Hazel Zinn have an average of over A- for the four years.

The local delegation were right up amongst them Tuesday evening having some of those \$27.50 ring-side seats.

The boys left Arlington Heights early in the afternoon, so as not to miss anything and had a great time watching the advent of a new world's heavyweight champion.

Naturally, "racetrackers," believe in speed, but when they drive their cars around Arlington Heights over fifty miles an hour, there is nothing that Chief Skoog can do other than take them into custody.

Judge Neuman is glad to welcome new arrivals to Arlington Heights, but "Bill" loves Arlington Heights children more and as a result, many of the racetrackers have made contributions to the village treasury.

An athletic award was given to Robert Richards. He was selected by the coaches for outstanding performance in the following personal qualities: A good loser and a graceful winner, co-operation with his teammates, ability to work under the coaches supervision, and his efforts and spirit regardless of results.

The award was difficult to make because of the splendid character of all the boys. Richards has also accumulated many other athletic awards and medals for performance in football and track.

In announcing Donald Hanauer as recipient of the activities award, Mr. Conger said:

"Believing in the value of the extra-curricular activities of a progressive school system, and wishing to recognize participation in these broadening experiences, we award a medal to the senior who has been most active in these opportunities for development."

"Notwithstanding the fact that he is the winner for participation in music, athletics and student government, etc., he has maintained grades which rank him eighth in the class."

Demands Adequate Protection

In no uncertain words Monday evening, Alderman G. F. Schneberger made it plain that in his estimation the present number of the police force is inadequate to properly police the town. He asked for and the board included in the appropriation ordinance, an item of \$3,600 for additional police.

Mr. Schneberger was of the belief that two good men could be secured at about \$135 each a month which would permit full 24 hour service every day in the week with two men at special hours when they are needed.

Street Sweeper May Be Next

Trustee Al Goedke proposed to the Village board Monday night that a few waste paper baskets be placed in the business district for people to toss waste paper and refuse into and thus keep the streets from becoming cluttered up.

If the plan worked well with a few baskets, more could be installed about town for popular convenience.

With the race season at hand and many people sitting around the parks there is always an abundance of discarded papers, dope sheets, racing forms, etc., to mar the scenery and Mr. Goedke's proposal seems well timed.

When the discussion on keeping the town clean came up, the proposal was made that possibly the Village should purchase a street sweeper and do the job up right.

A second hand sweeper could be purchased for about \$250, one board member thought and maybe that should be done. The whole subject was left for further consideration.

Same Man Who Gave Dad H. S. Diploma In 1912 Does Same for Son in 1937

George F. Schneberger is the first graduate of the Arlington Heights high school to have a son graduate from the same school. Mr. Schneberger was a member of the class of 1912, the second class to graduate, and last Thursday, his son, Robert Schneberger received his high school diploma from Mr. Theo. Miltzer, the same man who handed a similar document to his dad 25 years earlier.

The first graduates of the high school were in 1911 when Esther Stanger, and George Klehm received their diplomas.

The members of the 1912 class aside from Geo. Schneberger were Nellie Mae Perry, Gertrude Fehman and Ralph Allison.

The 1913 class were Hester Build, Paul Davis, Wm. F. Meyer, Warren Parker and D. A. Paddock. Mr. Meyer will have a daughter in next year's graduating class.

Test Proves Value Of Pumper

The recent fire at Palatine which destroyed the old oil mill, has been productive of some real good.

That fire to which the Arlington Heights fire department was called to help out the Palatine boys set the firemen to thinking that maybe some of the old water mains should be equipped with hydrants with a pumper attachment so that additional water could be made available in case of a serious fire.

There is a large number of six inch mains in both Palatine and Arlington Heights in the business districts and in the older residence sections.

The Arlington Heights fire department decided to conduct a test to see just what value a pumper would be in case of emergency.

The test was made on a six inch main and it was found that the water pressure could be very greatly increased where the pumper could be used. In fact with the use of the pumper the pressure at the nozzle could be doubled over what it was with simply the city pressure.

Many hydrants are equipped with pumper connections, but in most cases these hydrants are out in the sparsely settled subdivisions as pumper connections on hydrants were not in style when the older water mains were installed.

But the test conducted by the Arlington firemen has proved so conclusively the value of the hydrants on which the pumper can be used that it is entirely probable that some of the pumper attachment hydrants will be installed in the business district in place of the old type hydrant.

So anyway the big fire had an educational value and was good for something.

Local Fans Attend Fight

Arlington Heights was represented at the Joe Lewis-Jim Braddock fight Tuesday night by Geo. Schneberger, Carl Skoog and Clarence Brinkman.

The local delegation were right up amongst them Tuesday evening having some of those \$27.50 ring-side seats.

The boys left Arlington Heights early in the afternoon, so as not to miss anything and had a great time watching the advent of a new world's heavyweight champion.

Naturally, "racetrackers," believe in speed, but when they drive their cars around Arlington Heights over fifty miles an hour, there is nothing that Chief Skoog can do other than take them into custody.

Judge Neuman is glad to welcome new arrivals to Arlington Heights, but "Bill" loves Arlington Heights children more and as a result, many of the racetrackers have made contributions to the village treasury.

An athletic award was given to Robert Richards. He was selected by the coaches for outstanding performance in the following personal qualities: A good loser and a graceful winner, co-operation with his teammates, ability to work under the coaches supervision, and his efforts and spirit regardless of results.

The award was difficult to make because of the splendid character of all the boys. Richards has also accumulated many other athletic awards and medals for performance in football and track.

In announcing Donald Hanauer as recipient of the activities award, Mr. Conger said:

"Believing in the value of the extra-curricular activities of a progressive school system, and wishing to recognize participation in these broadening experiences, we award a medal to the senior who has been most active in these opportunities for development."

"Notwithstanding the fact that he is the winner for participation in music, athletics and student government, etc., he has maintained grades which rank him eighth in the class."

New Fire Truck, New Pump, Better Police Protection To Raise Municipal Costs

Arlington Hires Two New Police Officers

At an adjourned meeting of the Arlington Heights board Wednesday evening, two new police officers were elected subject to their acceptance of the positions. They are Elmer Karstens and Hugh Donnelly. The latter at the present time is an officer for the forest preserve.

In addition to these, the board authorized a salary of \$50 a month to be paid to Ira Melbourne with the understanding that the business men continue his services as a watchman and officer in the business district.

The latter matter will be presented to the business men's association this evening. The board rejected all present bids for a fire truck and will readvertise.

Subscribers Welcome New Delivery Service

Aside from a few omissions of delivery the new delivery service of the Herald through the postoffice was a success. With the cooperation of the mail carriers, the errors have been corrected and the publishers are in hopes that no subscriber will be missed this week. Complaints, if any, should be made direct to Phone 15.

EMERALD SHOP ANNOUNCES OPEN AND CLOSING HOURS

All patrons of the Emerald Shop are informed by Miss Emma Wilke, proprietor, that Thursday afternoon closing is now in effect. The shop is open until 9 p. m. on Wednesday evenings. Patrons are kindly urged to remember these hours when planning to shop at the Emerald.

The Arlington Heights village board after spending many hours discussing the financial needs of the municipality for the coming year, completed their work Monday night. The appropriation ordinance was passed and is published in this issue.

It shows a total increase over 1936 of \$16,510.00. This is largely due to new fire fighting equipment and increased police protection which is planned for the coming year.

An item of \$8,000 for a new fire truck explains nearly one half of the big increase.

The appropriation for police salaries shows \$8,000 in this year's budget as against \$4,500 last year

SADECKY'S

Phone 470 We Deliver

Mr. and Mrs. Frank Cizek attended the wedding of Mrs. Cizek's brother, Mr. Joseph Radant to Miss Rosine Hodus of Chicago Saturday at the St. Agatha Church in Chicago.

The Friendly class will hold a food sale at Framberg's store Saturday, June 26, at 2 p. m.

Mr. Richard Wilke, employed by National Tea Co. at Park Ridge, is spending a week's vacation at the Waltham League Camp at Arcadia, Mich.

Mr. and Mrs. Martin Fiene from Palatine, visited Sunday at the home of Walter Fiene and also attended Lutheran school picnic.

Mrs. Garnet Blumly, 414 N. Vail, who has been visiting relatives at New Holland, is expected home this week-end.

Mr. Roscoe Reed, one of our Chicago high school teachers, closed his work this week and will start a summer class in piano, beginning Monday, June 28, anyone desiring real musical training, may call Mr. Reed at Arlington Heights 468-J, any morning between eight and nine o'clock.

South Side Breezes

Mr. and Mrs. Roy Lawbaugh and children are enjoying a two week's vacation in Iowa, visiting relatives at Sheffield and Ames.

Sunday dinner guests at the Wiersky home were Mr. and Mrs. Hillman and children from Downers Grove.

Chosen by the American Legion and Auxiliary, Warren Carlson and Paul Carroll are enjoying a week in Springfield. There in camp with boys from all over the state, they will visit places of interest in and about the capital.

Mr. and Mrs. John Sujack and daughter, Audrey, attended the annual Edison Post picnic held Sunday at the Aurora Exposition grounds.

Mrs. J. B. Nelson, Scarsdale, entertained a group of Chicago and Oak Park friends at luncheon, Saturday.

Their wedding anniversary Thursday, June 17, was the occasion for Mr. and Mrs. J. B. Nelson's entertaining a family group that evening.

House guests over the week-end at Mr. and Mrs. Donald Costain's were Miss Dorothy Youel, a sister of Mrs. Costain, Dr. Frank Eversull and daughter, Evelyn, and Mrs. Haskell, all from Huron, South Dakota. Dr. Eversull, who is president of Huron College, gave the commencement address at Cincinnati College this week. The other members of the party accompanied him, all planning to return to spend this week-end with the Costains.

Mr. and Mrs. J. B. Nelson and daughter, Nancy Lee, attended the first birthday party of the twin daughters of Mr. and Mrs. Robert Lee in Chicago, Sunday. The twins, Barbara and Roberta are nieces of Mrs. Nelson.

Mr. and Mrs. Arthur Pfingsten and family of Westport, Conn., spent last week visiting their parents, Mr. and Mrs. John Pfingsten, Sr., State road.

Little Barbara Stearn of Evanston spent a few days with Mrs. William Jahn.

The Coraphelia group enjoyed a picnic at Lake Bluff Tuesday.

Plans for vacation are in the air. Some are renting their homes and will make extensive trips during July.

Mr. and Mrs. M. W. Grigsby are leaving Saturday to spend the week-end in Indianapolis and then on to Pennsylvania to visit Mrs. Grigsby's mother.

Mr. and Mrs. Harold Ratliff will visit relatives in Delavan, Ill., and spend part of the month at Traverse City, Mich.

Mr. and Mrs. Chas. Ott will visit relatives in Kansas and Colorado. Mrs. Ott and son will spend part

of the time with her parents, Mr. and Mrs. P. L. Swenson in Kansas.

Toronto, Canada is the vacation spot to which Mr. and Mrs. S. A. Baker and children are going for two weeks.

And gain new eye comfort. Glare is everywhere... on the printed page, on the desk, indoors and outdoors. It may be causing you unnecessary discomfort. We can quickly tell you if you need glare protection in your glasses—and provide it in the best lens for your particular need.

"IT'S GOOD TO GET OUT OF THE 'ALL THREE' CLASS!"

"I'M SO PROUD OF OUR BIG NEW NASH... AND IT COST JUST A FEW DOLLARS MORE* THAN THOSE SMALLER CARS!"

Let Mr. H. R. Rich of Chicago tell you why he got out of the "All Three" class!

"I'd been driving one of the 'All Three' cars. I've no complaints... it was a fine car. But with better times returning I wanted to get back in the 'big car' class again. The low delivered price on the Nash LaFayette '400' simply amazed me. Actually it cost me just a FEW dollars more than one of the 'All Three'."

Look at that car in the picture. It's a great big 117-inch wheelbase Nash LaFayette "400". You get a 90 horsepower, six cylinder engine. You get larger hydraulic brakes, stronger all steel body, extra-wide seats, more headroom, legroom. Get the Nash extra value story today!

Actual photograph of Nash LaFayette "400" 2-Door Sedan with trunk

*FOR AS LITTLE AS \$1 OR \$2 A MONTH EXTRA you can get out of the "All Three" class. A check-up recently made in ten representative cities shows that the Nash LaFayette "400" 2-door sedan with trunk DELIVERS

for just a FEW dollars more than the similarly equipped 2-door sedans of the "All Three" small cars. In many places, the SLIGHT difference in price amounts to just \$1 or \$2 a month extra on your time payments. Ask about convenient terms and low rates available through Nash C. I. T. Budget Plan. Automatic Cruising Gear available on all Nash models at slight extra cost.

Combination Pumper And Ladder Truck Is New Plan

As the result of a recent inspection trip the members of the Arlington Heights village board and Chief Geo. K. Volz of the fire department are greatly in favor of purchasing a combination hook and ladder and pumper, in place of an exclusive ladder truck.

The board is so much interested in the new plan that an item of \$8,000 was included in the appropriation ordinance for that purpose. This does not mean that such a truck must be purchased, but the appropriation paves the way.

Says Government Should Encourage Chain Food Stores

President Roosevelt recently made the remark that "one third of the nation is ill-nourished, ill-clad and ill housed."

Following the president's remark J. Robinson of the Great Atlantic and Pacific Tea Co., spoke over the radio urging that the way to combat that undernourishment was for the government to encourage chain food stores. Mr. Robinson's radio speech was as follows:

"Tonight I want to talk to you about chain food stores.

"There is no mistaking the fact that Chain Food Stores are a very definite part of almost every community, and for the very good reason that they have done so much to keep the price of good food close to actual cost. Usually, they are the busiest stores in any neighborhood for it is natural for families to want to save on their food expenditures, and very real savings do result from the efficient methods of store-keeping practiced by the Chain Food Stores. They have shortened the time and reduced the expense of bringing food products from farm and factory to your home. They give you fresher foods and charge you less for them. They have grown in number and spread out, for the same reason that makes any business or industry grow—because people like them and like their low prices.

"And there is urgent need to maintain low prices for foods. You have heard this statement: 'One-third of the Nation is ill-nourished, ill-clad and ill-housed.'"

"We, of A & P, believe one of the reasons why so many of our people are ill-nourished is because of low incomes and high food prices. It is not the people's choice to go hungry or be ill-nourished and not one of us wants to see this condition go on in the land where there is plenty for all.

"One effective remedy for this situation is for the Federal Government and the various State Governments to encourage the Chain Food Store industry, and every other kind of food store, which can demonstrate its ability to sell merchandise at low prices.

"This will enable every family with low incomes to buy greater quantities of nourishing foods and improve the well being of thirty million men, women, and children who, in our President's own words, are now classed as 'ill-nourished.'"

Representatives of the General Fire Truck Corp., were present at the board meeting Monday night and tried high power salesmanship to clinch their sale and did not desist until Alderman Krause informed them that the longer they talked the greater delay before the appropriation ordinance could be passed. Without an appropriation there could be no purchase of a truck. The salesmen left after being informed by Attorney Thal that in fairness to other bidders on account of the change in specifications, new advertisement for bids would probably be necessary.

Engineer Arthur Consoer had made a special trip from Chicago to explain to the board the relative annual cost figures based upon the bids and equipment offered by bidders who desire to furnish the new pump for the east well. While there is a difference of \$700 in the initial cost of the pumps offered, yet the yearly cost over a 15 year period is relatively small. Mr. Consoer explained to the board that it would be justified in ordering any of the pumps offered. The bids and yearly cost of operation, etc., based upon an operation of six hours a day as determined by Mr. Consoer are:

Pomona \$2,013, \$623; American Well, \$1,300, \$596; Aurora, \$1,450, \$595; Fairbanks, \$1,878, \$658; A. D. Cook, \$1,615, \$634.

Representatives of the various pumps were present, but Alderman Adam, as chairman of the water committee asked for an additional week's time to complete his investigation.

IT IS THE ROOF AGAIN

The roof of the municipal building leaks again. Engineer Firnbach told the board that he spent several hours the night of the big storm mopping up water emptying buckets and protecting motors from water. Another attempt will be made to have the roof put in shape.

COMMITTEE REPORTS

The bills and pay roll approved for payment totaled \$1,403.16. During the period between June 8 and 15 there were \$47 in fines collected, eleven cases pending.

The street committee reported that H. Garms, highway commissioner would cooperate with the village in placing stone on Thomas street, if the village agrees to pay approximately \$120 of the cost.

Considerable discussion was had upon the improvement of Frederick st., near the R. Volz property where the village has title to only 33 feet. Alderman Goedke reported that he could secure a year-by-year lease on an additional nine feet, which in his opinion would permit the improvement of the road. Said improvement would cost over \$500 and the sentiment of the board was to the effect that an effort should be made to secure a full width street before permanent improvements were attempted.

Inquiry as to status of the improvement of road to Creamery Package plant, brought out report that the Chicago office of the state highway department had approved the application for use of gas tax funds.

Mrs. Goetz, who has opened a restaurant near the race track appeared before the board and asked for a license to sell bottled beer only.

Special police stars were authorized to be issued to R. Stippick, Ed. Heimsoth, H. F. Marten, Gus Pelletier, H. C. Rehling, A. M. Conger, Frank Gieseke, F. J. Hinz, Ed. Guenther, H. Brown. Ira Melbourn was appointed as a regular policeman at a salary of \$1 a year.

The gas tax for month of May that has been placed to the credit of the village is \$751.98.

Attorney Thal reported to the board that in his belief the best settlement that he could make with the Mississippi Valley Steel Co. for lien on present municipal building was \$1,000, which represented the original claim and interest at 4 1/2 per cent. He was authorized to offer them a 1936 tax warrant for that amount.

The consideration and passing of the appropriation ordinance, amounting to \$76,840, closed the business of the evening.

Note: Other business before the village board Monday evening, are carried in other stories appearing in this issue.

Mission Sunday At Lutheran Church

The worship on Sunday at St. Peter's Lutheran church has been dedicated to the cause of missions. Three services will be held to emphasize this vital function of the church, German at 9:30 a. m.; English at 11 a. m. and 8 p. m. The pastors of the church will preach the sermon in the morning services. In the evening at eight Pastor Paul Meyer of Glenview, will give the inspirational message. The three church choirs will sing appropriate anthems at the occasion. All offerings of the day will be set aside for the various mission treasures of the synod. Members have been provided with special envelopes for their offering. Services will be held in the church auditorium.

CARD OF THANKS

I want to thank all my many friends for remembering me with beautiful birthday greetings. I surely appreciated them.

L. G. Helm, Sr.

English Etiquette

Under English etiquette a gentleman without a title is never addressed as "Mister" except by women and by his juniors. In writing, "Esquire" is always appended to his name.

Band Concert For This Week Cancelled

The regular Wednesday night band concert given by the Arlington Heights high school band, had to be cancelled this week. A number of the players are away on vacation trips now that school is out, and others are working in the city and at the race track, where they cannot get home until late in the evening.

The band members wish to thank the Business Men's Association and Mr. C. L. Griffith, the president, for the backing they have received this spring and hope for a continuation of their support during the next school year.

IN APPRECIATION

I wish to thank the Merle Guild Post of the American Legion, and the teachers of the public school for making it possible for me to win the American Legion award which has been presented to me. I appreciate this honor and I thank you all.

Kay Sebert

A "Pocket Borough"

A "pocket borough" is a borough whose right of representation is controlled, or virtually owned, by a single person or family. The term is chiefly British.

Edw. Hinsberger Makes Many Changes In Bowling Alley

Ed. Hinsberger, who operates The Sandwich Bowl in the Bowling Alley building has made a number of improvements. His place has been enlarged by the lease of the quarters formerly occupied as a tailor shop and which has been transformed into an attractive tavern.

The entire place has been redecorated and indirect lighting adds to the attractiveness of the place. A General Electric beer cooling system has also been installed.

Pocket Edition of Europe

Little Belgium, not as large as Maryland, claims to be the pocket edition of Europe. Within its less than 12,000 square miles can be seen famous battlefields, ancient churches, castles, medieval houses, spas, and vast forests.

Gold in Ancient Egypt

How gold acquired its universal esteem no one knows. It has been suggested that the ancient Egyptians, comparing gold to the sun, believed the metal to be a giver of life like the sun it resembled.

Unusual Scholarship Award To Donald Hanauer

Winning a four year scholarship to a university is the ambition of many a high school student, but Donald Hanauer, president of this year's graduating class at Arlington Heights Township high school, was honored with two such awards.

First, he received notice that the Rector Scholarship Foundation of De Pauw University at Greencastle, Indiana, had granted him one of its full-time gifts. Then, a few weeks later, the University of Rochester released its list of scholarships for this year's graduates, and his name appeared there. Mr. Hanauer has announced his acceptance of the latter.

The University of Rochester named twenty young men and five young women for its honors. Selection by this New York institution is made on the basis of intellectual promise as shown by high school record, maturity of purpose, good character, good health, and personal qualities which should enable their possessor to work happily and effectively with his or her associates.

Mr. Hanauer's record in his studies gave him third rank among the boys graduating this year. His athletic accomplishments included letters in basketball and football, in the latter of which he was outstanding. Playing in the high school band and in a local but well known orchestra he added diversity to his attainments. He was honored by his fellow students with the presidencies of the Pep club, the Student Council, and the Senior class. The deciding factor was the impression made by his personality upon Samuel M. Havens, chairman of the Central Alumni Ass'n of the U. of R., and upon John Mc Donough, one time Rhodes scholar at Oxford university. Their recommendation was accepted by Frederick Hayde, assistant to the president of the U. of R., and himself a Rhodes scholar.

This is probably the highest award that has come to any graduate of the local school. Mr. Hanauer will join men from Winnetka, Elmhurst and Evanston in the freshman class next fall, who are also holders of scholarships. He will attend one of the most heavily endowed schools in the United States, where educational opportunities are the finest. The Senior class joins with his wide circle of friends in congratulating him on this deserved reward for his accomplishments.

Black Man of Australia
The black man of Australia has no superior as a tracker or trapper. He can follow sheep or cattle wherever they go—and bring them back. He can track game, little or big, by signs invisible to the white hunter or trapper.

Taege Family Holds Reunion At Lake Geneva Despite Rain

Rain did little to dampen the spirit of the Taege family reunion held at Lake Geneva, Sunday. Fifty members of Taege connection from the states of Illinois, Iowa, and Wisconsin were together for the happy occasion. Among those present were:

Mr. and Mrs. Paul Taege and family, Mr. and Mrs. Jack Wieser and Mr. and Mrs. Henry Hennig, all of Arlington Heights. Palatine representatives were Mr. and Mrs. N. L. Thompson and family and Walter Torgier. Mr. and Mrs. C. P. Dozier and Mr. and Mrs. W. M. Torgier of Chicago, were present. Mr. and Mrs. Herbert Plagge and family of Ames, Iowa, had made the longest journey to be there. Relatives from Milwaukee, Wisconsin, were also included.

With fair weather until late afternoon the group enjoyed several innings of baseball. When the rain finally began to fall the picnickers retired to automobiles, trees, under blankets, or anything else that offered a measure of protection. Between storms supper was spread while gentlemen, minus socks and shoes romped around the table. A succeeding cloudburst upset the meal and the party returned home.

Merle Guild Post Presents School Awards In Two More Schools

American Legion school awards were presented in two more schools during the past week by Merle Guild Post No. 208. On Wednesday evening, June 16, Medals were presented to the winners, in the Arlington Heights Public School, and on Friday evening, June 18, presentations were made in St. Peter's Lutheran day school.

The American Legion presents medals annually to winners in public and parochial schools throughout the nation. Last year in excess of seven thousand such medals were awarded throughout the country.

These medals are awarded to the boy in the eighth grade class in the following qualities: courage, honor, service, leadership and scholarship, and to the girl in each eighth grade class who has attained the highest percentage in: courage, character, service, companionship and scholarship.

The winners in the public school were: Kay Seibert, boy; Constance Smart, girl.

The winners in St. Peter's Lutheran school were: Orland Brockman, boy; Elizabeth Colba, girl.

Previously, medals had been presented in St. James Catholic school; Louis Brodman, boy; and Dolore Rizz, girl.

The award of these medals in the grade school of Arlington Heights has created a great deal of interest on the part of the student body and on the part of the teaching staff.

Merle Guild Post is appreciative of the co-operation rendered by the school authorities and school children in this contest.

The medals were presented on behalf of Merle Guild Post by Victor Pecchia, school awards chairman.

Tea Once \$50 a Pound
When first discovered and used as beverage, tea cost from \$30 to \$50 a pound.

Fourth of July Accidents

"A situation in which children are killed by the score and injured by the thousands in the act of celebrating the fact that this country is a free and independent democracy calls for immediate correction and cure." So declared a great statesman at a recent conference on Fireworks Accidents held in New York.

The toll of human lives each Fourth of July from the use of fireworks and toy firearms is appalling. For instance, in New York City, where there is a law prohibiting the sale of fireworks within the city limits, the hospitals in 1934 reported 2,600 casualties from fireworks—1,500 more than the previous year. New York is no worse in this respect than other cities throughout the country. It is a mistaken notion that we have or ever have had a sane and safe Fourth of July in America.

Let us ask ourselves a few questions which should visualize better than in any other way the Fourth of July situation:

Have you ever seen a child with one eye closed for life?

Have you ever seen a little girl in a lacy night dress catch fire?

Have you ever heard the cry of a child aife?

Have you ever smelled the odor of burning human flesh?

Have you ever played with a child on your knee in the morning, and seen him dead in the evening?

This is the sort of thing we are talking about when we talk about Fourth of July accidents.

The Safety League urges that commemoration of Independence Day take the form of pageantry, athletic events, and other forms of recreation to eliminate children's desire for the excitement of fire works, firearms and bonfires.

Parents can do much to safeguard the lives of their children. First and foremost, they themselves can observe the rules which make for personal safety, and set a good example for children to follow.

Parents must give time and energy to teaching their children how to avoid accidents. Safety is a teachable subject—The responsibility rests with the parents.

Sewers Not For County Drainage

At the Village board meeting Monday night, the county highway department sought permission to lower a catch basin on Kirchhoff road in order that the storm water on the county highways might be drained through the Village sewer.

Village engineer A. W. Consoy warned the board that the sewers were constructed to take care of all high water within the area except that possibly once every five years there would be what he called a five-year storm which would overload the sewers and flood basements, and that if a hook up to drain the county highways was made this overload might be more frequent.

The attention of the county highway department was also called to the 13 culverts which the county was to construct, but which were never built.

The subject was held over for further negotiations between Village and county.

Wolf Motor Sales Official State Inspection Station for Autos

Herman H. Wolf Motor Sales, 32 S. Evergreen, Arlington Heights and 1095 Lee street, Des Plaines, has been approved as an official motor vehicle inspection station under the rules of the Uniform Act Regulating Traffic on the Highways.

Motorists are urged to cooperate in Governor Henry Horner's Highway Safety Campaign by having their cars checked for mechanical defects.

Herman H. Wolf has installed the equipment necessary for making the tests required of a car before it can be approved and tagged with a windshield Certificate of Inspection. The inspection includes brake tester, wheel alignment tester, passenger car hoist and head lamp tester. Seventy-five cents is the maximum fee provided by law for the inspections.

To date, 71 garages in Illinois have been approved as official Motor Vehicle Inspection Stations. Other applications are being checked by highway engineers and new stations are being added daily to the official list.

During 1936, 2461 persons were killed upon the highways of Illinois. Of the number, only 33 deaths were attributed directly to mechanical defects of the cars involved. Inasmuch as 1078 of those killed were pedestrians, safety engineers believe that a large number of the fatal accidents could have been avoided if the vehicles had been in better mechanical condition or if the drivers had been fully aware of the active performance capacity of their vehicles.

Makes Tunes Turn Flipflaps

Ella Logan is about the same size as Harry Lauder, but better looking. Quite as Scotch as Sir Harry, she is perhaps the only Scotch star in American movies. Certainly, she is the only Scot who ever played in Dutch talkies, speaking good Rotterdam Dutch with a Glasgow accent. And she is indubitably the only Caledonian who can noodle.

Miss Logan is the young comic singer who made "The Music Goes Round and Round" an American epidemic when she sang it on the radio. Now she makes tunes turn flipflaps in Universal's musical, "Top of the Town," at the Arlington Theatre Sunday and Monday.

Ella Logan is the girl who took the noodle out of soup and put it into song. To appreciate what this change in status means to the noodle, it is necessary to know what the noodle means to the jazz singer. Noodling is a kind of Afro-American yodling. It takes place when the swing singer becomes so carried away with her song that she leaves the written music and improvises vocal embroideries, dulcet whoops, sweet yelps and other wild incantations that put more zing into it. Only a few gifted souls can noodle in a satisfactory manner.

Prison Term "Chalked Out"
The meaning of the prison term, "chalked out" is dead or discharged. When a prisoner begins sentence his cell is marked with an X in chalk. When he leaves for the electric chair or is freed, the symbol is removed.

Dr. and Mrs. Saffold New Residents In Arlington Heights

Dr. and Mrs. James A. Saffold, formerly of 1135 Lunt ave., Rogers Park, have recently made their home at 7 West Campbell st., Arlington Heights, Illinois. From this point the Doctor will operate the Des Plaines office and the new office to be opened June 30 at 4 So. Duntion st. For seven years the Doctor has had an office in the Marshall Field Annex, Chicago, but has sold that office in order to give more time to Des Plaines and the new office. The Doctor also holds a four year degree in Electrical Engineering, besides his degree of Doctor of Surgical Chiropractic.

Elementary School Graduation

The graduating exercises of the Arlington Heights grade school were held in the high school auditorium on the evening of June 16.

The entire class, the girls chorus and the boys quartette, sang, directed by Mrs. Fern L. Elfeld.

The class president, John Moodie gave a gracious welcome and presented the gift, a stereopticon lantern for still films and slides, which was accepted by Kenneth Bowlin.

Rev. Ray Bond, pastor of the Methodist church in Edison Park, was the speaker. Mr. Willard Van Gerbeek presented the class to Mr. Nathaniel Carlson, president of the Board of Education.

After Mr. Carlson had given the diplomas to the graduates, in a very beautiful tribute to Mr. Whitmore, he expressed the shock and sadness that had come to the School Board, the children, the teachers and to the entire community through the sudden death of Mr. E. D. Whitmore, our Supt. of Schools for the last thirteen years.

Announce Perfect, Tardy And Absent Records For Grade Schools

The grade schools of Arlington Heights have announced the following school children as having maintained perfect attendance records for the year.

North School
Grade Two—Jane Hayes.
Grade Three—Marlin McDougall.

Grade Five—Barbara Barrett, Bernette Carlson, Helen Davis, George Gaare.

Monthly Honor Roll
Grade 5, High Honors—Bernette Carlson, Helen Davis, George Gaare, Patricia Groves.

Honorable Mention—Barbara Barrett, Evelyn Benic, Margaret Bowlin, Edward Coughlin, Vernon Sauer, Joyce Walbaum, Robert Williams.

Walter Krause, Sr., Falls, Breaks Arm

Walter Krause, Sr., is rather a busy man overseeing his various properties and flats, but he found time to fall the other day and as a result has his left arm in a sling, while the upper bone of his arm is mending. The accident occurred in the basement of his Campbell street property and Mr. Krause, himself, can not understand the cause of the accident.

Island Becomes Two
The Japanese island of Tsushima becomes two islands at high water.

Origin of Taupe
The color term "taupe" originated in France in the early Nineteenth century and was immediately adopted into English. The word, according to the Maerz and Paul "Dictionary of Color," means "mole"—the name of the little burrowing animal.

Apples of Sodom Not a Fruit
The apples of Sodom, which grow on the banks of the Dead sea, are not apples but a seeming fruit with beautiful outside covering and ashes within.

Pay for your Refrigerator this easy way — USE THE COIN BOX PURCHASE PLAN ON ALL FOUR

Buy a Frigidaire, General Electric, Westinghouse or Servel Electrolux, the Gas Refrigerator, on the "little each day" coin box plan

HERE'S THE COIN BOX

Put in a few nickels a day—it runs automatically, and the coins apply against the purchase plan.

Here's a way that makes refrigerator buying simple and easy for you. Choose either a Frigidaire, General Electric, Westinghouse or Servel Electrolux from a wide selection of models on which plan applies. Pay nothing down . . . merely deposit a few nickels in the meter each day. The coin box automatically assures 24-hour continuous use. These coins are then applied against the purchase price . . . Think of the advantages in this plan! You can pay as little as 3 nickels a day for a new refrigerator. . . . Take advantage of this liberal purchase plan now. Visit your Public Service Store today.

Your neighborhood dealer also offers fine values and liberal terms on automatic refrigerators—visit his store now.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Come in and see for Yourself! FRIGIDAIRE WITH THE "METER-MISER" MEETS ALL FIVE STANDARDS FOR REFRIGERATOR BUYING

MEET THE "Meter-Miser"
Quiet—Unseen—Trouble-free
IT CUTS CURRENT COST TO THE BONE

The new Frigidaire's spectacular cold-making unit gives more cold for less cost, because of outstanding design with only three moving parts! Permanently oiled, precision built, completely sealed against moisture and dirt.

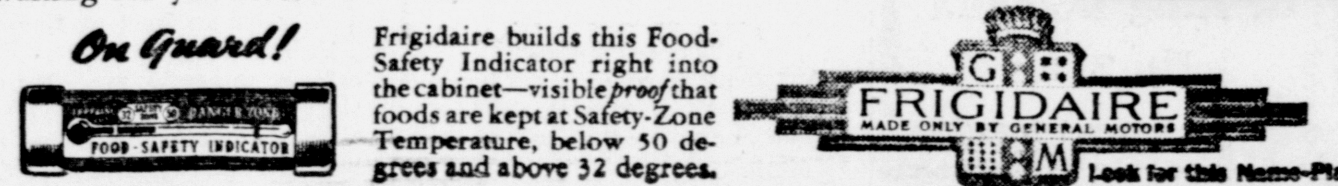

- YOU ARE INVITED TO ATTEND OUR PROOF-DEMONSTRATION**
Takes only a few minutes, but will save you money for years to come!
1. Proof of LOWER OPERATING COST
 2. Proof of SAFER FOOD PROTECTION
 3. Proof of FASTER FREEZING—MORE ICE
 4. Proof of MORE USABILITY
 5. Proof of FIVE-YEAR PROTECTION PLAN

Frigidaire presents the PROOF before your very eyes that it meets ALL FIVE standards. And PROOF of ALL FIVE is essential to complete 1936 value.

Come in and let us prove to you that the remarkable Meter-Miser cold-making unit cuts current cost to the bone . . . keeps foods safer, better, longer . . . and is protected for Five Years against service expense for only Five Dollars included in the purchase price.

See proof, too, of Frigidaire's marvelous convenience. The cabinet is wider, roomier, with up to 42% more usable space in front. Portable Utility Shelf, Full-Width Sliding Shelves and dozens more advantages. Yet Frigidaire is easier than ever to own. Proof of all this is waiting for you here.

NEW PRICES AS LOW AS \$114.50
NO DOWN PAYMENT

Take these three steps before you buy your next roof! Look before you buy

1. Go to a firm you know is responsible. Remember a stranger isn't apt to linger long after he has your money. A local firm will always be here, is always ready to back up its promises.
2. Have a capable local man measure your roof accurately. Then you are sure that you do not pay for more material than is really used. A "low price" per square will prove to be "high" if only nine squares are used and you pay for twelve on a blind contract.
3. Know the quality of the roofing you buy that will be used. Unknown brands have no reputation to lose if they do not stand up. Buy a brand with an established standard of quality and you are assured satisfaction. Remember it costs just as much to put on a poor roof—that soon will need to be repaired or replaced—as it does to apply one that will give years of service.

Your shortest cut to satisfaction is to come to us for an estimate on a genuine Mule-Hide Roof of guaranteed quality. We will measure your roof without obligation, and quote you a reasonable price on the complete job applied by local contractors or just the material.

To make your roofing dollar LAST—see us FIRST!

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"Why should I be interested in my Bank's loan policies?"

As a depositor in a bank there are several very good reasons why you should be interested in its loan policies, even if you are not a prospective borrower. In the first place, it is your money, and that of other depositors, which is being loaned. Consequently, you should want your bank to be careful and diligent in lending your money.

Good bank loans, made in accordance with sound banking principles, protect your deposited money. They put your funds to work usefully for the benefit of the entire community. They produce revenue for your bank to cover, in part, its operating cost of rendering services to you and other customers. They enable your bank to set aside reserves for protection of deposits.

Upon request, the officers of this bank will be glad to explain to you our loan policies.

Communities
To Celebrate
July Fourth

Several of the communities in this vicinity are holding celebrations, picnics, and reunions over the Fourth of July week-end. Carnival attractions and dancing are features of the Sunday and Monday events.

The Arlington Firemen are reserving Meyer's Park for a celebration July 4 and 5. There will be amusements of all kinds and entertainment as well as refreshments. The firemen are planning to make this a real rip roaring July 4.

The annual homecoming and reunion of St. Mary's church of Buffalo Grove, will be held July 4 and 5. A chicken dinner will be served July 4, from 11 a. m. till 3 p. m. Softball games and other amusements will occupy the two days with old time and modern dancing. The Roselle Lions club will give a Fourth of July celebration at Roselle Park, July 5. Carnival amusements and attractions, and dancing will provide entertainment for the several thousand that are expected to attend.

Thyroxin Controls Man's Life
One-thousandth of an ounce of thyroxin, a mysterious chemical substance in the body, separates every normal human being from imbecility or death.—Popular Mechanics

Podzimek-Moldenhauer
Wedding Was Saturday

Miss Katharine Moldenhauer, daughter of Mr. and Mrs. Moldenhauer of Palatine, became the bride of Frank Podzimek, son of Mr. and Mrs. Joseph Podzimek of Arlington Heights, Saturday afternoon at 5 p. m. at the Evangelical parsonage in Palatine.

The bride wore a dress of powder blue lace over satin and carried roses. She wore a head band in her hair. The groom was attired in a dark business suit. The attendants were Minerva Grewe, who wore pink lace over satin and Ray Kehe who wore a business suit.

In the evening a reception was held for seventy-five friends and relatives at the home of the bride. The young people are staying with Mrs. Podzimek's parents in Palatine for the present.

Dick Jahn
Is Fishing Again

Richard Jahn, superintendent of the Arlington Seating Co., is enjoying his vacation catching fish in Grindstone Lake, near Hayward, Wisconsin. He is accompanied by his wife, Richard, Jr., and Mr. and Mrs. Louis Peterson.

Dick has rather an extensive reputation as a fisherman and although he catches some big ones when he takes those short trips with Geo. K. Volz and the other boys, it is when he is entirely upon his own that he really lands the big ones. Watch these columns for report as to how big they were this time.

Arlington Hts. Couple
Wed at St. Peter Church

Miss Irene Breutch, daughter of Mr. and Mrs. Arthur F. Weinrich, 203 West Euclid, Arlington Heights, became the bride of Harold Malzahn, son of Henry Malzahn, 38 South Chestnut, last Saturday, June 19, at five o'clock at the St. Peter's Evangelical Lutheran church. The Rev. Oscar Weinrich of Bensenville, uncle of the bride, performed the ceremony. About 160 guests attended.

Attired in an embroidered net with a plain tulle, the bride carried roses and a few Miss Gertrude Weinrich, sister of the bride, acted as maid of honor.

The bridesmaids were Miss Ruth Noack, Miss Grace Rehling, Miss Frances Haushalter, and Miss Norma Malzahn. They were dressed in combination lace and tulle and carried Talisman roses and blue larkspur. Colors were Wally Simpson blue and coral.

Herbert Malzahn, twin brother of the groom, acted as best man. Ushers were Carl Weinrich, Paul Kindler, Clarence Schultz, and Alton Meyer. Miss Arlene Malzahn was flower girl, and Richard Weinrich ring bearer. The church was decorated in palms and furnished with peonies by Klehms.

Lester Malzahn, cousin of the groom, sang "Take Thou My Hands and Lead Me," and the church choir, under the direction of Theo. Preuss, sang "The Lord Is My Shepherd."

After the ceremony a dinner was held at the Lutheran school with a celebration at Meyer's Park.

The newlyweds are residing at 933 North Highland, Arlington Heights. Mr. Malzahn is employed at Creamery Package.

Again Dan Cupid Acts
In Arlington Heights

Miss Evangeline Peterson, daughter of Mr. and Mrs. Charles Peterson of Chicago, became the bride of Clifford M. Crane, son of Mr. and Mrs. Lincoln Crane of Arlington Heights, Saturday, June 19, at 8:00 o'clock p. m., at the Berwyn Hotel, Berwyn, Illinois. The Rev. H. A. Kossack performed the ceremony.

Preceding the ceremony, Mr. and Mrs. Jack Lederman and Mr. and Mrs. Alfred Nehring sang, "I Love You Truly."

The bride, attired in white lace, with veil, entered upon the arm of her father, Mr. Charles Peterson, as Miss Elsie Young played the wedding march.

Jeanette Thoren, the bride's sister, served as matron of honor, and Wyneta Thoren, niece of the bride, was the flower girl.

Elmer W. Crane, brother of the groom, acted as best man, and the ushers were Wilbert Thoren and Harold Hastings.

Following the ceremony, a wedding supper was served to 75 guests with Mr. John Lofgren, uncle of the bride, acting as toastmaster. Numerous telegrams offering congratulations were read and enjoyed by all present.

The quartet sang two additional songs during the course of the evening.

Mr. and Mrs. Crane will make their home in Arlington Heights.

World Map in Sixth Century
Anaximander, a Greek of the Sixth century B. C., is credited with having designed the first map of the world.

Mr. and Mrs. W. Wilke
Enjoy Auto Trip To
Spokane, Washington

Mr. and Mrs. William Wilke returned Friday evening from a two weeks vacation visiting relatives in Spokane, Wash. They made the trip to Spokane, a distance of 2,100 miles in 4½ days and think Spokane is one of the nicest cities in the state.

They drove through Iowa, Nebraska, Colorado, Wyoming, Montana and Idaho. Drove through the Rocky, Big Horn and Bitter Root mountains and Lookout Mts., also crossed the Continental Divide which is called the "Back Bone of the Nation." They were enthused over the wonderful scenery thru these mountains, a great many of them being covered with eternal snow. They saw the home of the Idaho potatoes and the crops look wonderful at Parkerton, Wyo. The great oil wells were busily pumping and great refineries near by where the oil is pumped to be prepared for use. They encountered quite a bit of snow thru Yellowstone Park, in the pass it was plowed thru and was as high as their car on both sides. Montana was beautiful for its timber; pines so stately and tall in their dark green boughs. At Cozard, Neb., were the world's largest alfalfa fields.

They enjoyed a visit with their relatives in Spokane and every one showed them a most pleasant time, wishing they could keep them there for a longer visit, but the time was too short and all too soon they had to return home. They drove a total of 4,453 miles and only had one flat tire. Although Mr. and Mrs. Wilke are greatly enthused over the West, good old Illinois looked best to them after all.

Note: Mr. Wilke says that when he drove to Spokane in only a little over four days, he was not trying to establish a record or to excite the envy of O. G. Barrett, the farm adviser. Of course the latter could make it in the days, if he really got set upon it.

Studebaker Presents
Plaque To Gaare
Motor Sales

In recognition of loyal business association, The Studebaker Corporation this week presented to H. V. Gaare an attractive bronze plaque as a testimonial of his 15 years of Studebaker dealership in Arlington Heights.

The award was made by R. M. Byrne, special representative of the Chicago branch of The Studebaker Corporation.

In presenting the plaque Mr. Byrne said that "the long period of successful business relationship between Gaare Motor Sales and The Studebaker Corporation is a testimonial in itself of the confidence and esteem the Corporation has in Mr. Gaare, and his success as a dealer in the town shows conclusively the confidence of his business associates, friends and the community as a whole."

The quartet sang two additional songs during the course of the evening.

Mr. and Mrs. Crane will make their home in Arlington Heights.

News from Springfield

By Bernice T. Van der Vries
Representative 7th Senatorial District General Assembly of Illinois

When Victor Olander, the secretary of the Illinois Federation of Labor, stepped to the clerk's desk of the House on Wednesday afternoon at the invitation of the speaker of the House and announced that David R. Clark the legal counsel for the Illinois Manufacturers Association would explain the compromise which had been agreed upon by Labor and Industry on the Unemployment Compensation Bill a wave of relief floated over the House. It was an unusual situation for Mr. Olander to present Mr. Clark and one which he smilingly admitted. All day and even while Mr. Olander was speaking telegrams were arriving on the desks of the members of the House from Labor Unions urging that the Bill which had been passed by the Senate be changed to the Pooled Plan. The compromise amendments set up a Pooled Plan but on a Merit Rating Basis for the individual Employer. This was a concession on the part of Labor to Industry and Industry in return approved an amendment for 16 weeks benefits instead of 13 weeks as provided in the Senate Bill. Illinois is the only state which has not adopted an Unemployment Compensation Law. With the present session so near a close it was a wise procedure for Labor and industry to work out what appears to be a good law for all concerned. Many members wished that a compromise could have been worked out on the Women's Eight Hour Day Bill before it was passed in order that it might have been made more flexible for seasonal industries other than canning. This measure would have had the unanimous support of the General Assembly if the voting had been on the principal of shortening hours of labor for women but the voting was on an actual bill. Already labor leaders are predicting that the law will have to be amended in future sessions of the General Assembly.

Two legislative weeks remain in which to untangle a driver's license bill which is involved in a political patronage battle. A conference committee will tackle the problem next week. A similar fight is brewing on the State School Board not yet passed by the House.

A large portion of the time during the remaining days of the Session will be consumed in endless roll calls on Appropriation Bills. The minority party is protesting the passage of unitemized bills and increased appropriations but without success. So far the appropriations committee has not acted on the bill passed by the Senate increasing the State School Distributive Fund from 13,000,000 to 17,200,000 annually, the increase to go to the high schools. This is one appropriation increase which will not be opposed by the minority party.

Resident of Palatine and
Arlington Heights For
Fifty Years, Dies

Mrs. Wilhelmina Bliese, 86, died at the home of her daughter and son-in-law, Mr. and Mrs. Charles Hintz, 109 West Wing street, Arlington Heights, Thursday, June 17. Funeral services were held Sunday afternoon at Karstens Funeral home, Arlington Heights, and at the Palatine Evangelical Lutheran church. The Rev. Poellot officiated and Mr. Zimdahl rendered the organ selection. Burial was in the Palatine Lutheran cemetery.

Mrs. Bliese, nee Wendt, was born October 15, 1850, in Pomeria by Plotto, Germany. She married Mr. Fred Bliese in 1873 in Germany. They came to the United States in 1886 and made their home in Palatine. Nine children were born to this union, five preceding their parents in death. Mr. Bliese passed away in 1901.

Mrs. Bliese has been living with her daughter in Arlington Heights. She leaves to mourn her departure four living children, Mrs. Augusta Roper and Mr. Charles Bliese of Palatine; Mrs. Edith Hintz of Arlington Heights, and Mrs. Marie Brackman of Roselle; one daughter-in-law and four sons-in-law; ten grandchildren and five great grandchildren.

Fred Dehne Brings Us
A New Fish Story

Fred Dehne, of Glenview, might be called a jack of all trades as he is ready to do almost anything that comes his way, but he has a reputation for truthfulness and the editor believed this story when Fred called at the Herald office this week. While still in bed Monday morning he received a phone call from Bill Brooks at Wauconda asking him to keep the carp from jumping out of Slocum lake after the severe storm. Twenty minutes later Fred was at the lake.

Up to the present time Fred, though he has officially retired from work, believed that he was the equal of any man in a hay field, but when 30 and 35 pound carp knocked him down in the water, he gave up the fight, ran for his car to which he was chased by a forty pound fish. Fred had to run over the fish to kill it in his car, but the fish became so strong that he stopped and gave it away.

"That's nothing," continued Fred, "Early in April the fish were so thick in the small creek near Slocum lake that the water was crowded out of the stream." Not being there at the time, the editor who knows nothing about fish anyway, could only reply: "Wasn't that too bad?"

Axis of Eye Always Moving
Even in the most exact fixation of the eye, its visual axes are in constant slight motion, and such a fixation does not last for more than one-fifth of a second, after which the gaze wanders even more.

Plunket Supper In
December Results in Good
Fishing In June

N. J. Puffer, county superintendent of schools is enjoying some rather excellent fishing near Minnetonka, Wis., all because he was able to worm out of a Plunket dinner manager last Dec., the location of a fisherman's paradise. Following the service of a Plunket dinner in Palatine early in the winter, a movie was shown of the Plunket party in a rendezvous somewhere in the north. Mr. Puffer went into session with one of those fishermen who was no match for the superintendent of schools and finally revealed the lake where "they caught 'em that big." Mr. Puffer and his family are there now.

A
QUESTION
WITH 3 BIG
ANSWERS

NOT one answer, but 3 big answers are needed to solve the gasoline question for modern motors. Engines today need more than "just gasoline"—they demand a new kind of motor fuel that not only drives, but oils and cleans top-cylinders. They need Triple-Action Tydol. In addition to being the finest Tydol ever made, it contains a special top-cylinder oil that protects fast-moving, close-fitting valves and pistons... plus a special cleaning agent that cuts down carbon deposits. Three services in one gasoline—that's what gives you the Big Gallon of Value. It drives. It oils. It cleans. Those are the 3 big answers that spell Triple-Action Tydol... the modern motor fuel that sells at no extra cost.

B. E.'s Back In Winning Stride; Romp Over Braves

By T. KOUZMANOFF

The Bensenville-Edgewood nine of the Tri-County Amateur Baseball League rose from the depths to the heights last Sunday to bury the Melrose Park Braves under an avalanche of 17 hits for a total of 26 bases and a 17 to 3 victory. The win, lifted the B-E's out of the cellar.

Going into the fifth leading 5-3 the B-E. murderer's row started taking "the holds" on Patternosky's offerings, hammering out four doubles and four singles, not letting up until nine runners had crossed home plate. Some daring B. E. base running had the Melrose infield tossing the horsehide all over the premises.

The Braves made a bid for victory as early as the opening frame, putting across three runs. However, this later proved to be the extent of their run-production for the day.

Lanky Roy Anderson, after a shaky start, settled down to hurl a good game for the locals, giving up but three well scattered hits in the last six innings.

Ed. Kabat of the Bensenville-Edgewood led the bombardment on the Braves pitching with a home run and two singles. Noble Bailey and Bork also had a busy day at the plate, registering three hits apiece.

Braves.....300 000 000—3 9 6
B-E's.....122 090 03*—17 17 2
Batteries—Anderson and N. Bailey; Patternosky and Scaoui.

Tuesday Night, June 29
Evergreen vs. Hartmann.

Thursday Night, July 1
Cafe vs. Rose-Lo.

Cafe's Top Arlington Soft Ball League

Though outfit, 11 to 15, the Arlington Cafe softball team, paced by Mayereck's two home runs, eked out a thrilling 14 to 13 battle from the fighting Gaare nine Monday night in a local softball league fray.

The Cafe's entered the fifth inning, cutting on a 13 to 1 margin. Gaare's team insisted upon being reckoned with by shoving over twelve markers in the last three frames, the 9th inning rally falling one short when W. Rose pulled in Mel Laeseke's long drive to right center after a long run preventing two Gaare runners from scoring.
Cafe's.....204 700 1—14 11 2
Gaare's.....000 127 3—13 15 2
Batteries—Milligan and Hayes; Kehe; Moran and O'Hagen.

Chevrolet's Trim Hartmann 20 to 9

The Chevrolet team entered the win column Tuesday night, trouncing Hartmann's 20-9 in a league game.

The victors drove out a total of 19 hits. A. Duenn, Bill Lynk and Colby, getting three each.
Alex Mazzarros hurled for the victors, allowing but five scattered hits.
Chevrolet.....001 543 7—20 19 6
Hartmann.....510 020 1—9 5 4
Batteries—Mazzarros and Jerousek; Baldwin and Angeloff.

Indoor Swimming Pool At Des Plaines Open To Public

The big, modern Maine Township high school championship indoor pool, located midway between Park Ridge and Des Plaines, will be open to the general public three days a week this summer for recreation and instructional swimming according to an announcement released by the school authorities.
Sam Marzulo, swimming instructor at Maine for the past eleven years and coach of five State Championship teams will be in charge at all times. He will be assisted by Bob Stenbridge, Bill Zernien, Al Risser, Bill Stegner, and James Wilkinson who are all swimmers and divers with state and national reputations.

Itasca at Churchville.
Addison at Elk Grove.
Roselle at Wood Dale.

sisted by Bob Stenbridge, Bill Zernien, Al Risser, Bill Stegner, and James Wilkinson who are all swimmers and divers with state and national reputations.

Classes will be conducted on Mondays, Wednesdays and Fridays, July 12 to August 11 inclusive. Fourteen swimming lessons for children will be offered on these days from 9 to 10 o'clock and from 10 to 11 o'clock in the morning. The total cost for these fourteen lessons has been set at \$6.00. The school will furnish towels and individual lockers for all who register but each member is expected to bring his or her own swimming suit and locker lock.

Ladies classes will be conducted from 11 to 12 o'clock on Mondays, Wednesdays and Fridays—fourteen lessons for \$6.00. The pool will also be open evenings to the general public for recreational swimming from 7:30 to 9:30 on these same days at 25c per person. No instruction will be given at these evening sessions.

The Maine High pool, one of the finest indoor pools in this part of the country, is 75 feet long and contains 6 lanes, with a depth of 9 feet in the deep end and 3 feet in the shallow. It is made of white tile. The water is constantly and automatically filtered and purified. The pool was constructed in 1930 and the school authorities have decided that the community should not be deprived of this source of recreation this summer.

Registrations may be made at the main office at the high school. For further information, interested parties may call Des Plaines 78 or Park Ridge 78.

THE CHATTER BOX

By TOMMY KOUZMANOFF
THIS IS YOUR COLUMN

Sunday... June 27th... is an important date on the Lutheran summer sports calendar... on which day the Lutheran Track and Field meet... sponsored by the Walther League of the Northwest Zone... will be held at the Maine Township high school...

A near complete program has been arranged... a full schedule of events... with the exception of the hurdle races and the javelin throw...

Competition will be in three divisions... Men... Junior Boys under 16... and Women...

The gala summer meet... which has already attracted a big field... is scheduled to get under way at 2 p. m....

Deserving credit... for the Arlington Softball League's revival... or 1937 existence... if we may put it that way... should be given to Mr. Raymond Hayes... Arlington high school lightweight basketball and varsity baseball coach... Mr. Hayes' tireless efforts all spring... in stirring up enthusiasm... finding team sponsors lining up teams with managers... helping to iron out technicalities here and there... all deserve much higher mention than we can offer through the medium of our column.

The "Never Say Die" Bensenville Edgewood baseball team is on the victory road again... after a brief losing streak... breaking through with an encouraging 17 to 3 victory over the Melrose Braves... The B-E's hope to climb up another notch in the Tri-County League standings next Sunday... when they meet Berger and company of Berkeley...

Alex Kouzmanoff missed qualifying in the Illinois State Amateurs last week by a stroke... shooting 41-42 for a 27-hole total of 125... 124 was needed to get into match play...

Ralph Ackerman of Bensenville has entered the Chicago Open... to be held next month at the Medinah Country Club...

Red Wings Add Another

Beat Summit 5 to 3.

The Arlington Red Wings defeated the fast Summit team Sunday afternoon on the local diamond by a score of 5 to 3.

Schaefer again was in good form and kept the visitors' hits well scattered.

The Arlington swatters meanwhile were pounding out enough hits to keep their team in the lead.

A lot of arguing with the umpire took up so much time that it was all the boys could do to complete the game before the storm broke.

As it was, a deluge cut short an argument which followed Schaefer's striking out of the last batter and everyone dug for cover.

The Red Wings have been playing some classy ball in recent weeks and they have some hot competition booked for the summer campaign which will assure plenty of interesting base ball for the fans this summer.

Sun Dogs

Sun dogs are mock suns or bright spots near the sun which appear when sunlight shines through a thin cloud composed of ice crystals floating in the atmosphere. They, like numerous other halos, are the result of the refraction of solar rays by these crystals, and may appear at all times of the year, because even in the warmest weather the temperature of the upper atmosphere is below freezing.

CUT YOUR THISTLES

(Official Notice)
According to "An Act Concerning
Noxious Weeds," all property
owners are required by law to de-
stroy noxious weeds growing on
their premises, before they reach
the seed bearing stage. Full co-
operation by every property owner
and municipality with the local
Thistle Commissioner, will be
greatly appreciated.

As a land owner you are hereby
notified that you are under a legal
duty to destroy all such noxious
weeds on the above described premises
before seed bearing stage, in
accordance with the provisions of
Section 3 of the above mentioned
act. The methods of treating and
eradicating noxious weeds as re-
commended by the Department of
Agriculture can be obtained from
the undersigned.

Full cooperation from property
owners will be necessary because a
lack of funds prevents the township
from employing relief labor as was
previously done.

Yours truly,
Louis Clark,
Thistle Commissioner
Wheeling Township.

Emigrate—immigrate
To emigrate is to migrate from,
i.e., to leave one's country for an-
other. To immigrate is to migrate
into a country. An emigrant goes
away; an immigrant arrives.

Breaking Promises
"To break a promise is easy,"
said Hi Ho, the sage of Chinatown,
"but it may injure your credit, even
to the extent of destroying your
faith in yourself."

Smallest of Deer Family
The Muntjac, or Chinese bark-
ing deer, is the smallest member
of the deer family, says a writer
in the Los Angeles Times. Its sta-
ture is no higher than that of a
medium-sized dog. They come in
two sizes. One is called a Chinese
barking deer, the other type grows
about six inches higher and has
some markings of white. An inhabit-
ant of Southern and Eastern Asia,
these little reddish-brown creatures
scurry over the ground in a fright-
ened fashion, the name was given
them by sportsmen of India because
of the sharp barking cry they give
when alarmed. Like their larger
brother the bucks have a small set
of antlers, which when fully grown
have branches that curve inward
and downward at the tip.

Radio Amateurs Ready For Any Emergency

Saturday and Sunday, June 19 and 20, saw strange doings just off the Northwest highway in the outskirts of Arlington Heights. Frenzied robins and sparrows flew frantically from beam to beam. Animal residents took flight and headed for the tall grass in the surrounding fields. All this excitement was occasioned by the advance in force of the Northwest Amateur Radio Club in their annual American Radio Relay League field day demonstration.

The purpose of this field day, which is held all over the United States and Canada under the auspices of the American Radio League is to demonstrate the ability of Amateur Radio to serve the nation in time of catastrophe as a means (and generally the only means) of communication.

Actual catastrophe conditions are simulated insofar as operating transmitters and receivers without access to electric power lines. In other words, power for operating must be manufactured at the point of operation.

The members of the Northwest Amateur Radio Club set up headquarters in the old Hume factory. Gasoline generators were set up in the nearby field and lines run into the building where the transmitters and receivers were installed. One transmitter (160 meters) was put up in a tent in an adjoining field. A kitchen was arranged in one corner of the building to guard against any of the participants passing out from starvation.

At 4 p. m. Saturday the transmitters were officially turned on and from that time until 7 p. m. Sunday evening were kept continually operating and in contact with other amateurs throughout the United States, Canada and Cuba.

The storm on Sunday evening showed up operations slightly but failed to stop any of the boys, although the 160 meter transmitter operating in the tent was being operated with the floor of the tent under water.

To the operators at this station it seemed that the Des Plaines River had overflowed its banks and a real emergency existed.

The field day was highly successful and nearly 150 stations in all parts of the country were contacted.

Car Strikes Culvert; Passengers Taken To Palatine Hospital

William Tagtmeier, Route 1, Des Plaines struck a culvert while driving west on Higgins road, one mile west of Plum Grove road late Sunday night. Tagtmeier and the three other passengers of the car were picked up by a passing motorist and taken to the Palatine hospital. They were Fred Elmer, route 1, Des Plaines, Miss Malinda Winkelhake, route 1, Palatine, and Miss Bernice Flieger, Elmhurst and Touhy roads. Tagtmeier and Elmer were treated for shock, and Miss Flieger for minor cuts and bruises.

Harold Hinrichs, Route 1, Arlington Heights, was struck in the rear of his car while he was driving south on Rand road and about to turn into a gas station, Friday. The car of Paul Straus, 650 N. Laurel avenue, Chicago, crashed into Hinrichs and turned the vehicle over. No one was injured.

A third accident in the vicinity that involved no automobile or individual resulted in the death of one horse of the St. Mary Training school and an addition to the morgue of Evanston. A wheeling dealer in animals of unfortunate endings. The animal had been struck by a train and thrown across East River road, sustaining a broken leg. A police officer sent him to the happy hunting ground and turned the remains over to Evanston.

Miss Walbaum Goes To Spring Lake School

Miss Emma L. Waubbaum, who has been a teacher in the Palatine Elementary school for the past 7 years, and resigned at the close of the school year, has been selected by G. C. Butler, personal director in the office of County Supt. Noble J. Puffer, to teach the Spring Lake school in Barrington township, the coming year. This is one of the outstanding one room schools in Cook county and requires a high grade teacher.

Miss Waubbaum is spending the summer at the University of Colorado in order to prepare herself for more efficient service. This new position will give her a substantial increase in salary. Mr. Butler, like many other school men, believes in securing the best teachers possible to teach in our one room schools, and is doing everything possible to raise the standard of teaching in Division One.

REVEREND BEERS RECEIVES B. D. DEGREE

In the recent graduation exercises of the Chicago Theological Seminary, affiliated with the University of Chicago, the Rev. Samuel G. Beers of the Community church received his B. D. degree, marking the completion of three years of postgraduate study. 28 students, including one from Bulgaria and others from states as far removed as Washington, Alabama, New York, Nebraska, Tennessee and Pennsylvania, received their degrees at this time.

Barbara Storm, daughter of Mr. and Mrs. Ross E. Storm, 1 So. William street, was baptized at the Community church last Sunday.

Palatine Ag. Students Are Winners

Elias Plonsky and Arnold Freise, Palatine H. S. Place 2nd in State Corn Judging Contest.

Elias Plonsky and Arnold Freise represented Palatine high school in the corn division of the Illinois judging contest for vocational agriculture students at Champaign on June 17-18. The boys placed second as a team in competition with 180 other teams. Aldeo high school took first with 1782 points and the Palatine boys second with 1746 points. Mr. E. D. Howell, vocational agriculture teacher at Palatine, accompanied the boys as coach and feels that the boys deserve a great deal of credit for their work.

The two boys started judging corn two years ago when the Vocational Agriculture department, was first organized. They competed in the state judging contest last year, but did not make a high enough score to get a ribbon. This year they competed in the section contest with 25 other teams placing ninth. This qualified them to enter the state contest again and they came through with flying colors.

The boys were required to place 6 rings of corn, each ring consisting of 5 groups of 10 ears, making 50 ears in each ring. The 10 ear groups are numbered from 1-5. Placing a ring consists of ranking the 5 groups in the order of their quality. There was also two rings of shelled corn to be placed.

As a reward for their work, the boys and Mr. Howell were given a ribbon in addition to silver keys.

Palatine Man Prevents Collision, But Damages Car as Other Doesn't Stop

Louis Luerssen, of Palatine, avoided a collision with an autoist who failed to stop at the intersection of Route 62 and 25 east of Algonquin, Sunday, but narrowly escaped a serious accident for himself and his passengers. With the right-of-way, Luerssen was approaching Route 25, where he saw a car which he thought would obey the stop sign. Instead, the other car crossed Algonquin road in front of the Luerssen car and there would have been a bad accident, but Luerssen swung his car off the road, narrowly missing a culvert and the only injuries received by his passengers were a broken nose sustained by his mother, Mrs. Sophie Wilson and bruises to his wife.

Louis, of course, as a good Farm Bureau member, carried insurance.

Boosters Postpone Dance Party

The Arlington Ballroom Boosters have postponed their dance from July 10th to some August date to be announced later.

The boys thought the time too short to make the preparations they desired and so will give their big dance at a later date.

Art Luerssen has resigned as sec'y-treas. of the club and is retiring as pitcher of the Boosters.

The boys have elected Eddie Vogt as sec'y-treas. and are on the lookout for a pitcher.

The Boosters hook up with the local Chevrolet team Friday night and expect to show the local soft ball league entry that they know how the game should be played.

Cattle Free for the Taking

Horses escaped from the Spaniards on the mainland of North America multiplied fast on Argentina's pampas. Thus the Argentina gaucho (or cowboy) became a hunter of free-roaming horses, while the northern plainsman became a herder. Cattle stealing was never the serious crime on the pampas that it was in North America's Wild west because in Argentina cattle were free for the taking.—Washington Post.

At the adjourned special meeting of the Village Board held last Tuesday evening the bill for the new police car was approved for payment.

Permission was granted to Bert J. Bouterse Co., to move another real estate office into town which is to be used by the Bouterse Co., while they are offering for sale the lots formerly owned by H. Roy Berry Co. The office will be located on Northwest Highway between Albert and George street.

Considerable discussion took place regarding the purchase of a new pump for well No. 1 at the Village hall with a purchase being authorized for a Pomona pump at a cost of \$1,868.00.

STORM BREAKS POWER LINES

The rain and windstorm that visited our fair city late Sunday afternoon caused two main power lines to break and permitted the inky blackness of night to descend upon certain parts of town without the benefit of light.

We don't stop to realize how much we depend on electric power until something occurs that takes the power away from us suddenly. In addition to the discomfort of sitting in the dark unless one was fortunate enough to have candles in the house, all electric clocks stopped—all electric refrigerators quit refrigerating—electric cooking ranges quit cooking—water pumps, including the Village pump at well No. 1, quit pumping. Gasoline stations in the affected area were unable to serve customers with gasoline and taverns with electric coffee were served warm beer.

The traffic lights couldn't function and our police officers were obliged to direct traffic at the corner of N. W. Highway and Main street, by whistle and flashlight. And last, but not least, the radio wouldn't work, leaving us nothing to do but twiddle our thumbs and cuss out the repairmen, who, by the way, were not at all to blame and were working at a feverish pace.

The power lines went down in two places—on N. W. Highway in front of the depot and on Busse avenue near Williams street. The power went off about 6:15 p. m. and came on again about 10:15 p. m.

WHEELING

A sale of home-made bakery goods will be held by the Ladies' Aid society in the basement of the Presbyterian church Saturday afternoon, June 26, at 3 o'clock.

About 19 guests assembled at the Arnold home Tuesday evening, June 15, as a surprise to Mrs. Carrie Arnold in honor of her birthday. Out of town guests were Mrs. Howard Helm and daughter, Dorothy of Arlington Heights; Mrs. C. Fritsch and daughter, Helen of Highland Park, Mrs. Hasse and daughters, Myrtle and Almira of Northbrook, and Mr. and Mrs. Jos Glatz and son, Robert, of Chicago. All enjoyed a most pleasurable evening.

Mr. John Miller of Chicago visited at the Schminke home last Friday.

Plans for a four-week vacation church school to be held at the Presbyterian church during the month of July, are being completed and more detailed announcement will be made next week. The school will open July 6, and continue each week day morning, excepting Saturday, during the remainder of the month. The school will be non-sectarian and all children of the community from four years of age through seventh grade in school, are welcome to enroll.

A worthwhile program of study, handicraft, worship and recreation will be carried on which promises a repetition of the happy experiences of last year's school.

Mrs. Edw. Schneider, Wheeling Resident, Passed Away Friday

Emma Schminke was born in Wheeling on Aug. 27, 1860, and spent the early years of her life here. She was baptized and confirmed in the Wheeling Presbyterian church where she was a member the remainder of her life.

In the spring of 1889 she united in holy wedlock with Mr. Edward Schneider, who preceded her in death 12 years ago. One daughter was born into their home. Their married life was spent in Chicago. Upon the death of her husband she made her home with her daughter at Lowell, Indiana.

She enjoyed a fair measure of health until she was stricken a week before her death which came Friday evening, June 18.

Funeral services were held in the Wheeling church Monday, June 21 and interment made in the Wheeling cemetery.

Those who mourn her passing most, are her daughter, Mrs. Harold Brownell, her granddaughter, Katherine Jean, her sister, Mrs. Elsie Mick, all of Lowell, Ind., a sister, Mrs. L. Koebelin of Niles Center and her brother, Mr. J. A. Schminke of Wheeling, besides many other relatives and friends.

Arlington Park Opens Monday

"They're Off" for "Thirty Golden Days".

"Thirty Golden Days" of racing will open at Arlington Park on Monday afternoon, when the Arlington Park Jockey Club's annual meeting gets under way.

The feature of opening day will be the inaugural handicap and this race will bring together the best sprinters now in training in this section of the country.

Purses and stakes for the Arlington meeting have been increased this year and over a third of a million dollars will be distributed to horsemen during the meeting.

This increase in purse and stake distribution has given the meeting the nick name of "Thirty Golden Days," and that is just what the Arlington meeting is going to be.

Noted for the quality of its racing and the class of horses competing, Arlington Park this year will as usual have the leading stables in America quartered at the track.

During the meeting, the racing fans of this territory will see all the leading horses still in training perform in the various stake events.

The regrettable injury to War Admiral has complicated the three year old situation to a point where anything is liable to happen, and while the "big horse" will probably not be seen at Arlington Park, his absence will really add to the keenness of the competition in the three year old features and to the size of the fields.

Many horsemen will take a chance on starting their stars with the "Admiral" out of it and the great Arlington Classic at this early date shapes up as a wide open race.

The two year old crop seems to be exceptionally brilliant this year and as Arlington has always offered some large purses for 2 year old stakes, the competition among the "babies" should be something worth going a long way to see.

Everything is in readiness for the big opening on Monday afternoon, the track has been worked and improved until it is expected to be faster than ever. A large force of men has been at work for a month, cleaning up the grounds and getting everything spic and span for the great meeting. The trees and shrubbery have grown until the scenic beauty of the park can be excelled at no other race track in the country. The quality of American horse flesh is arriving daily and being bedded down in the airy roomy stalls, nearby towns are filling with horsemen, officials and racing enthusiasts. The latest thing in the "camera eye" is ready to pick the close finishes; in fact the whole scene is set and ready for Arlington's greatest race meeting, for the "30 golden days," that has attracted the finest horses from the Atlantic to the Pacific and from far up in Canada to the Gulf of Mexico.

Storm Fells Trees At Palatine

Some of Palatine's beautiful shade trees felt the brunt of the storm Sunday, when several large ones were felled by the storm.

A large tree on the Charles Schoppe place was broken off, another old timer in front of Mrs. Hattie Nichol's home was blown down, closing Benton street and another at the Scholman home on the south side, was blown over also, blocking the street.

Several other large limbs were broken off and for a few minutes it looked as if a real twister was about to take place.

Later in the night the Volmer residence on the west side, was struck by lightning, but the damage was slight.

The Indian War Bonnet

The head-dress or war bonnet originated among the plains Indians and later spread in all directions. The names by which it was known varied with each tribe. A more common headgear was a narrow band of skin or leather which was made to hold one or more feathers.

The following are names used by the tribes indicated for headgear in use by them and their immediate neighbors: Ostoa, Onondaga; Ges-towa, Seneca; Uenura, Tuscarora

Local Boys May Compete In National Soap Box Derby

During the month of July, the All-American Soap Box Derby will experience its fourth year of nation-wide participation by boys, each of whom will be striving for medals, trophies, and a four year college scholarship, the latter being awarded to the National champion.

Last year, 150,000 boys in 116 cities participated in this greatest of all amateur racing events. Sponsored by leading newspapers and Chevrolet Motor Division of General Motors Sales Corporation, the Soap Box Derby is rapidly becoming a character building factor in the development of the youth of the Nation. Leisure vacation time, profitably spent in designing and building a Soap Box Racer affords much fun, education, and adventure to the satisfaction of parents as well as boys.

The Arlington Chevrolet Company invites the boys of Arlington Heights to participate in the Chicago Races to be held in Lincoln Park from July 27th to July 31st, where a specially constructed starting ramp will provide the necessary acceleration for the races. All boys who are 9 years old and have not reached their 16th birthday are eligible to compete upon written permission by the parents on application forms provided for the purpose. Application, Rule Book, and Driver's License may be obtained at the Arlington Chevrolet Salesroom, 115 N. State road. Parents are invited to accompany their boys at the time of application, to sign application and become acquainted with problems and details of construction of the derby racer which must not cost more than \$10.
